### **INDEPENDENT AUDITOR'S REPORT**

February 24, 2007

To the Village Council Village of Newberry Luce County, Michigan

We have audited the accompanying financial statements of the governmental activities, business-type activities and each major fund of Village of Newberry, Luce County. Michigan as of and for the year ended December 31, 2006, which collectively comprise the Village's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Village of Newberry's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business type activities and each major fund of the Village of Newberry, Luce County, Michigan as of December 31, 2006, and the respective changes in financial position and cash flows where applicable, of these activities and funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated February 24, 2007, on our consideration of the Village of Newberry's internal control over financial reporting and on tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Accounting Standards and should be read in conjunction with this report in considering the results of our audit.

The Management's Discussion and Analysis and budgetary comparison information listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

To the Village Council Village of Newberry Luce County, Michigan

Our audit was conducted for the purpose of forming an opinion on the Village's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the financial statements. The other supporting information described in the accompanying table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, it is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended December 31, 2006

This section of the Village of Newberry annual financial report presents our discussion and analysis of the Village's financial performance during the fiscal year ended December 31, 2006. Please read it in conjunction with the financial statements, which immediately follow this section.

#### FINANCIAL HIGHLIGHTS

As of December 31, 2006, we had a \$40,844.69 deficit fund balance in the General Fund. Net assets at December 31, 2006, totaled \$110,630.63 for governmental activities and \$3,288,952.93 for business-type activities. Of these totals, \$116,107.03 and \$2,503,254.36 respectively, represent capital assets net of depreciation and related debt. Overall, net assets increased by \$355,279.91 from the prior year.

Overall revenues were \$4,289,100.10. Overall expenses were \$3,888,980.78.

We received bond proceeds in the Water Fund in the amount of \$1,415,000.00.

#### **OVERVIEW OF FINANCIAL STATEMENTS**

This annual report consists of three parts, management's discussion and analysis, the basic financial statements and required supplementary information. The basic financial statements include two different kinds of statements that present different views of the Village and the notes to the financial statements.

The first two statements are Village wide financial statements and provide both long and short-term information about our overall financial status. These statements present governmental and business-type activities.

The remaining statements are fund financial statements, which focus on individual parts of the Village in more detail.

The notes to the financial statements explain some of the information in the statements and provide more detailed data.

Required supplementary information further explains and supports the financial statement information with budgetary comparisons.

#### **ENTITY-WIDE FINANCIAL STATEMENTS**

The entity-wide statements report information about the Village as a whole using accounting methods used by private companies. The statement of net assets includes all of the Village's assets and liabilities. The statement of activities records all of the current year revenues and expenses regardless of when received or paid.

The two entity-wide statements report net assets and how they have changed. Net assets are the difference between the entity's assets and liabilities and this is one method to measure the entity's financial health or position.

Over time increases/decreases in the entity's net assets are an indicator of whether financial position is improving or deteriorating.

To assess overall health of the entity you may also have to consider additional factors such as tax base changes, facility conditions and personnel changes.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended December 31, 2006

### ENTITY-WIDE FINANCIAL STATEMENTS (continued)

Most of the activities of the Village are reported as governmental activities. These would include the General Fund, Major Street Fund, Local Street Fund, Fire Capital Fund, Fire Operating Fund, Downtown Development Fund, and the Historical Society Fund. Some activities such as the Water Fund, the Electric Fund, the Newberry Sewage Fund, and the Luce County Sewage Fund are treated as business-type activities where the revenues of the activity are designed to pay for the operations of the activity.

### **FUND FINANCIAL STATEMENTS**

The fund financial statements provide more detailed information about the Village's funds, focusing on significant (major) funds not the Village as a whole. Funds are used to account for specific activities or funding sources. Some funds are required by law or bond covenants. The Village Council also may create them. Funds are established to account for funding and spending of specific financial resources and to show proper expenditures of those resources.

The Village has the following types of funds:

Governmental Funds: Most of the Village's activities are included in the governmental fund category. These funds are presented on the modified accrual basis, which is designed to show short-term financial information. You will note that the differences between the Village's government-wide statements and the fund statements are disclosed in reconciling statements to explain the differences between them. The Village's governmental funds include: General, Major Street, Local Street, Fire Capital, Fire Operating, Downtown Development, and the Historical Society Funds.

Proprietary Funds: These funds represent activities in the government, which are basically treated like private sector companies. These funds are designed to have revenues earned adequate to pay for the operations of the activity. These funds are presented on a full accrual method and will show no difference between the Village's government-wide statements and fund statements presentation. The Village's proprietary funds include: Water, Electric, Newberry Sewage and Luce County Sewage Funds.

## FINANCIAL ANALYSIS OF THE VILLAGE AS A WHOLE

Net Assets: The Village's combined net assets increased by \$355,279.91 during the year ended December 31, 2006, totaling \$3,399,583.56.

Governmental Activities: The net assets for governmental activities decreased by \$150,804.30.

Business-Type Activities: The net assets for business-type activities increased by \$506,084.21.

### FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS

General Fund: This fund is used to record all activities of the Village not required to be recorded in a separate fund. This would include legislative, administrative, elections, public safety, motor pool, public works, building and grounds, refuse collection, sidewalks, and sewer maintenance. The major source of revenue for the general fund is from the Village tax base and the revenue sharing from the State of Michigan. The major expense for this fiscal year was police protection.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended December 31, 2006

### FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS (continued)

Major Street Fund: This fund is used to record revenues and expenses for major streets located within the Village. The major source of revenue comes from the State of Michigan in the form of Act 51 funding and the Village tax base. This fund also records contributions from other entities contributing to paving projects. The major expense for this fund is construction of new paving projects, maintenance and snow removal.

Local Street Fund: This fund is used to record revenues and expenses for local streets within the Village. Local street revenue comes from the State of Michigan in the form of Act 51 funding and the Village tax base. The major expense for this fund is construction of new paving projects, maintenance and snow removal.

Fire Capital Fund: This is used to record major equipment purchases for the Newberry Fire Department. The major source of revenue comes from appropriations from the General Fund, McMillan Township and Pentland Township.

Fire Operating Fund: This fund is used to record revenues and expenses for the Newberry Fire Department. Fire Operating Fund revenue comes from the General Fund, McMillan Township and Pentland Township.

Downtown Development Fund: This fund is used to record major capital improvement projects.

Newberry Sewage and Luce County Sewage Funds: These funds are used to record revenues and expenses for the Village Sewer activities. The revenue comes from user charges and expenses are incurred for operation, maintenance and improvements.

Water and Electric Funds: These funds are used to record revenues and expenses for the Village water and electric systems. The revenues come from user charges and the expenses are incurred for operation and maintenance. Some major capital improvement projects have added to the reliability of the Village water system including the rehabilitation of Wells and water line replacement and other projects are still in process. Other major capital improvement projects include the conversion of the remainder of the electric system. These improvements will improve the quality and availability of service to our existing customers and provide opportunity for future economic growth.

### CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

Additions to the Village's governmental fund capital assets for this year totaled \$1,253.39. Projects in process include water system improvements and electric conversion of \$2,279,778.51.

Long-term Debt:

Business-type activities: Bond issue proceeds of \$1,415,000.00 and bond principal payments of \$174,430.00.

Governmental activities: Notes payable on a general obligation bond and plow truck. Total principal payments of \$52,455.11.

### KNOWN FACTORS AFFECTING FUTURE OPERATIONS

The Village's plans for the future include street, water and sewer system improvements. The Village is committed to the improvement of the water system and the completion of the electric conversion.

# MANAGEMENT'S DISCUSSION AND ANALYSIS For the year ended December 31, 2006

## CONTACTING THE VILLAGE'S MANAGEMENT

This financial report is intended to provide our taxpayers, creditors, investors and customers with a general overview of the Village's finances and to demonstrate the Village's accountability for the revenues it receives. If you have any questions concerning this report please contact Beverly A. Holmes, Village Manager, or Robert F. Cameron, Village President, by calling 906-293-3433 ext. 1 during the hours of 8 am to 4:30 pm, Monday thru Friday.

# RECONCILIATION OF BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET ASSETS

December 31, 2006

TOTAL FUND BALANCES -	GOVERNMENTAL FUNDS
-----------------------	--------------------

35 727 11

Amounts reported for governmental activities in the statement of net assets are different because –

Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds balance sheet:

Capital assets at cost 2 542 794 59
Accumulated depreciation (1 860 148 36)

Long-term debt liabilities are not due and payable in the current period and therefore are not reported in the governmental funds:

 Notes payable
 (74 539 20)

 Bonds payable
 (492 000 00)

 Accrued compensated absences
 (41 203 51)

TOTAL NET ASSETS - GOVERNMENTAL ACTIVITIES

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES Year ended December 31, 2006

NET CHANGES IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS

(105 964 89)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures; in the Statement of Activities, these costs are allocated over their estimated useful lives as depreciation

Depreciation Expense (97 549 62) Capital Outlay 1 253 39

Repayment of debt principal is an expenditure in the governmental funds, the repayment does not have an effect in the statement of activities but does reduce the debt balance in the statement of net assets.

Principal payments on long-term debt 52 455 11

Increase in accrued compensated absences is an expense in the statement of activities but it is not in the statement of revenues, expenditures and changes in fund balances.

(998 29)

CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES

# NOTES TO FINANCIAL STATEMENTS December 31, 2006

#### Note 1 - Summary of Significant Accounting Policies

The accounting policies of the Village of Newberry, Luce County, Michigan, conform to generally accepted accounting principles as applicable to governmental units.

#### Reporting Entity

The financial statements of the Village contain all the Village funds that are controlled by or dependent on the Village's executive or legislative branches.

The reporting entity is the Village of Newberry. The Village is governed by an elected Village Council. As required by generally accepted accounting principles, these financial statements present the Village as the primary government.

### Government-Wide and Fund Financial Statements

The government-wide financial statements, (the Statement of Net Assets and the Statement of Changes in Net Assets) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, intergovernmental payments and other items not properly included among program revenues are reported as general revenue.

Major individual governmental and business type funds are reported as separate columns in the fund financial statements.

## Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, restricted resources are applied first.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

# NOTES TO FINANCIAL STATEMENTS December 31, 2006

### Note 1 – Summary of Significant Accounting Policies (continued)

#### Governmental Funds

#### General Fund

This fund is used to account for all financial transactions except those required to be accounted for in another fund. The fund includes the general operating expenditures of the local unit. Revenues are derived primarily from property taxes, state and federal distributions, grants, and other intergovernmental revenues.

#### Special Revenue Funds

These funds are used to account for specific governmental revenues requiring separate accounting because of legal or regulatory provisions or administrative action.

#### Capital Projects Funds

These funds are used to account for the acquisition or construction of capital facilities not financed by proprietary funds.

### Proprietary Funds

#### Enterprise Funds

Enterprise funds report operations that provide services which are financed primarily by user charges, or activities where periodic measurement of net income is appropriate for capital maintenance, public policy, management control or other purposes.

#### Assets, Liabilities and Net Assets or Equity

Bank deposits and investments – Cash and cash equivalent investments include cash on hand, demand deposits, certificates of deposit and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

### Receivables

Receivables have been recognized for all significant amounts due to the Village. Allowances for uncollectible accounts have been provided for all collections that are considered doubtful.

#### Inventories

Inventories of supplies are recorded at the lower of cost or market price.

#### Property Taxes

Property taxes and other revenue that are both measurable and available for use to finance operations are recorded as revenue when earned.

Properties are assessed as of December 31 and the related property taxes become a lien on July 1 of the following year. These taxes are due on September 15 with the final collection date of March 1 before they are added to the county tax rolls. The Village 2006 tax roll millage rate was 17.6925 mills, and the taxable value was \$17,935,314.00.

# NOTES TO FINANCIAL STATEMENTS December 31, 2006

### Note 1 – Summary of Significant Accounting Policies (continued)

#### Encumbrances

Encumbrances involving the current recognition of purchase orders, contracts and other commitments for future expenditures are not recorded.

#### Capital Assets

Capital assets are defined by the Village as assets with an initial cost of more than \$500.00 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost. Donated assets are reported at estimated fair market value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings and improvements Vehicles and equipment

20-50 years 5-15 years

### Compensated Absences (Vacation and Sick Leave)

The estimated current portion of the liability for vacation and sick leave benefits attributable to the Village's governmental funds is recorded as an expenditure and liability in the respective funds. The amounts attributable to proprietary funds are charged to expense and a corresponding liability in the applicable fund. Employees may accumulate vacation leave and are partially paid for unused sick leave upon termination of employment.

#### Post-employment Benefits

The Village provides health care benefits to retirees in accordance with labor contracts. Expenditures for post-employment health care benefits are recognized as the insurance premiums become due. These benefits are paid annually from the General, Sewer, Water, and Electric Funds and totaled \$127,149.47 for the year ended December 31, 2006.

#### Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

#### Note 2 - Deficit Fund Balance

As of December 31, 2006, the General Fund had a \$40,844.69 deficit fund balance. A deficit elimination plan will be prepared for Village Ccuncil approval and then filed with the Local Audit and Finance Division of the Department of Treasury of the State of Michigan.

# NOTES TO FINANCIAL STATEMENTS December 31, 2006

### Note 3 - Budgets and Budgetary Accounting

The following procedures are followed in establishing the budgetary data reflected in these financial statements:

- 1. Prior to the beginning of the fiscal year, the proposed budget for each budgetary fund is submitted to the Village Council for consideration.
- 2. The proposed budgets include expenditures as well as the methods of financing them.
- 3. Public hearings are held to obtain taxpayer comments.
- 4. The budgets are adopted at the activity level by a majority vote of the Village Council.
- 5. The budgets are adopted on the modified accrual basis of accounting.
- 6. The originally adopted budgets can be amended during the year only by a majority vote of the Village Council.
- 7. The adopted budgets are used as a management control device during the year for all budgetary funds.
- 8. Budget appropriations lapse at the end of each fiscal year.
- 9. The budgeted amounts shown in these financial statements are the originally adopted budgets with all amendments that were approved by the Village Council during the fiscal year.

### Note 4 - Deposits and Investments

Michigan Compiled Laws, Section 129.91, authorizes the Village to deposit and invest in the accounts of federally insured banks, credit unions, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or federal agency obligation repurchase agreements; banker's acceptance of United States banks; commercial paper rated within the two highest classifications, which mature not more than 270 days after the date purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan.

The Village Council has designated three banks for the deposit of Village funds. The investment policy adopted by the board in accordance with Public Act 196 of 1997 has authorized investment in all investments authorized by state law as listed above.

# NOTES TO FINANCIAL STATEMENTS December 31, 2006

### Note 4 – Deposits and Investments (continued)

The Village's deposits and investments are in accordance with statutory authority.

The Governmental Accounting Standards Board Statement No. 3, risk disclosures for the cash deposits are as follows:

 Carrying Amounts

 Total Deposits
 396 444 04

Amounts in the bank balances are without considering deposits in transit or uncleared checks.

	Bank <u>Bal</u> ances
Insured (FDIC) Uninsured and Uncollateralized	267 993 34 235 <u>5</u> 70 65
Total Deposits	503 563 99

The Village of Newberry did not have any investments as of December 31, 2006.

### Note 5 - Capital Assets

Capital asset activity of the Village's Governmental and Business-Type activities for the current year was as follows:

# NOTES TO FINANCIAL STATEMENTS December 31, 2006

#### Note 8 - Note Payable - Plow Truck

On May 10. 2006 the Village obtained a loan of \$104,873.88 from a bank for the purchase of a plow truck. The loan bears interest at the rate of 5.15% and is due in 60 monthly installments of \$1,986.68 including interest. As of December 31, 2006, the principal balance outstanding on the loan was \$74,539.20.

### Note 9 - 2002 Newberry General Obligation Bonds

On August 20, 2002, the Village of Newberry issued \$985,000.00 of its bonds to partially finance streetscape improvements and improvements to the Village's electric utility system. The bonds are backed by the full faith and credit of the Village. Of the \$985,000.00, \$591,000.00 will be paid by the Village's General Fund. \$394,000.00 will be paid by the Village's Electric Fund, and is recorded directly in the Electric Fund. The following is a schedule of the outstanding principal and interest on the bonds:

#### Note 12 – Electric Fund Bonds Payable

On September 30, 2003, the Village of Newberry issued \$965,000.00 of it's bonds to the Michigan Municipal Bond Authority to finance the \$345,000.00 retirement of the Electric Utility Revenue Bonds, Series 1991 and to finance part of the cost of improvements and renovations to the system. The bonds are not a general obligation of the Village, but they are payable, both as to principal and interest, from the revenues of the system. As of December 31, 2006, the outstanding bond principal amounted to \$365,000.00 which is recorded in the Village's Electric Fund. The following is a schedule of the outstanding principal and interest on the bonds:

### NOTES TO FINANCIAL STATEMENTS December 31, 2006

### Note 13 – 2006 Electric Utility System Revenue Bonds

Totals

On October 1, 2006, the Village of Newberry issued \$985,000.00 of it's bonds to finance improvements to the electric utility system. The bonds are not a general obligation of the Village but they are payable both as to principal and interest, from the revenues of the system. As of December 31, 2006, the outstanding bond principal amounted to \$935,000.00 which is recorded in the Village's Electric Fund. The following is a schedule of the outstanding principal and interest on the bonds.

	Interest

### NOTES TO FINANCIAL STATEMENTS December 31, 2006

#### Note 14 – 2006 Water Supply System Revenue Bonds

During 2006 the Village of Newberry issued \$2,300,000.00 of it's bonds to finance improvements to the water supply system. The bonds are not a general obligation of the Village, but they are payable, both as to principal and interest, from the revenues of the system. As of December 31, 2006, only \$1,837,000.00 of the bond proceeds had been received by the Village and this amount is recorded in the Village's Water Fund.

### Note 15 - Deferred Compensation Plans

The Village offers all of its employees deferred compensation plans created in accordance with the Internal Revenue Code, Section 457. The assets of the plans are held in trust, (custodial account or annuity contract) as described in IRC Section 457 (g) for the exclusive benefit of the participants (employees) and their beneficiaries. The custodians thereof for the exclusive benefit of the participants hold the custodial accounts for the beneficiaries of this Section 457 plan, and the assets may not be diverted to any other use. The administrators are agents of the Village for the purposes of providing direction to the custodians of the custodial accounts from time to time for the investment of the funds held in the accounts, transfers of assets to or from the accounts and all other matters. In accordance with the provisions of GASB Statement No. 32, plan balances and activities are not reflected in the Village's financial statements.

### Note 16 - Michigan Employees Retirement System of Michigan

Plan Description – The Village has adopted a defined benefit plan of the Michigan Employees Retirement System (MERS). MERS, an agent, multiple-employer public employee retirement system, acts as the common investment and administrative agent pursuant to State of Michigan Public Act 427 of 1984, as amended, and the Constitution of the State of Michigan. The Village's plan provides benefits for Normal retirement, Deferred retirement, Disability retirement, Non-duty death allowance, Duty-connected death allowance, and Death after retirement surviving spouse benefits. Substantially all full-time employees of the Village participate. There is no vesting for the first 10 years, and 100% vesting after 10 years.

FUNDING POLICY – The Plan's funding policy provides for employer contributions at a varying percentage of compensation, paid monthly. Employees do not currently contribute to the plan.

The normal cost and amortization payment were determined using the entry age normal actuarial funding method. Actuarial assumptions include (a) projected salary and wage increases of 4.5%, (b) a net long-term investment yield rate of 8%, (c) 1994 Group Authority Mortality Tables.

Unfunded actuarial accrued liabilities are amortized as a level percent of payroll over 30 years.

ANNUAL PENSION COST – For the fiscal year ended December 31, 2006, the Village's actual pension cost of \$106,329.09, amounted to 15.5% of covered payroll of \$687,302.53. Total gross payroll was \$736,550.56.

Components of the Actuarial Accrued Liability at December 31, 2005, the last date of Annual Actuarial Valuation, are as follows:

Actuarial Accrued Liability

Retirees and beneficiaries currently receiving benefits

\$2,136,971.00

Terminated employees not yet receiving benefits

\$78,118.00

Current employees contributions -- including allocated investment income

6,597.00

Employer financed contributions – including allocated investment income

\$1,234,432.00

### NOTES TO FINANCIAL STATEMENTS December 31, 2006

### Note 16 - Michigan Employees Retirement System of Michigan (continued)

Total Actuarial Accrued Liability

Net Assets Available for Benefits at Actuarial Value

(Market Value was \$2,507,500.00)

Unfunded Actuarial Accrued Liability \_\_\_\_\_\_\$880,755.00

\$3,456,118.00

\$2,575,363.00

For the fiscal year ending December 31, 2007, the Annual Required Contribution is \$101,640.00. The Amortization Factor Used was 0.053632.

All entries are based on the actuarial methods and assumptions that were used in the December 31, 2005, actuarial valuation.

Three year trend information of aggregate accrued liabilities follows:

	2003	2004	<u>2005</u>
Accrued liabilities	3 018 564 00	3 320 255 00	3 456 118 00
Valuation Assets	2 406 255 00	2 497 726 00	2 575 363 00
Funded Percent	80%	75%	74%
Unfunded Actuarial Liability	612 309 00	822 529 00	880 755 00
Unfunded Actuarial Liability as a % of Annual Covered Payroll	82%	117%	128%

#### Note 17 - Risk Management

The Village is exposed to various risks of loss related to property loss, torts, errors, omissions, and employee injuries (workers' compensation). The Village has purchased commercial insurance for property loss, torts and workers' compensation claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

### NOTES TO FINANCIAL STATEMENTS December 31, 2006

### Note 18 – <u>Segment Information for Enterprise Funds</u>

The Village maintains three Enterprise Funds which provide water, light and sewage services. Segment information for the year ended December 31, 2006, is as follows:

	Electric Fund	Water Fund	Newberry Sewage Fund	Luce County Sewage Fund
Operating revenues	1 659 488 22	386 701 37	343 145 47	391 384 71

### Note 19- Transfers In and Transfers Out

For the fiscal year ended, December 31, 2006, the Village made the following interfund transfers:

<u>Fund</u>	Transfer In	<u>Fund</u>	Transfer Out
Local Streets Local Streets Fire Capital Fire Operating	33 810 00 86 535 00 12 912 00 20 369 24	Major Streets General General General	33 810 00 86 535 00 12 912 00 20 369 24
Total	153 626 24	Total	153 626 24

#### Note 20 – Capital Credits in Cooperative

The Village of Newberry Electric Fund purchases electricity for resale from Cloverland Electric Co-op. Due to operating surpluses by the cooperative, the Village of Newberry Electric Fund receives patronage capital credits. During the current year the Village received \$21,158.03 in capital credit distributions. As of December 31, 2006, the Village had capital credits outstanding of \$862,862.23. This amount is credited to the capital account of the Cooperative for the Village of Newberry Electric Fund and has the same status as if it was paid in cash to the Village and then the Village furnished the Cooperative with a corresponding amount of capital. Distribution of these credits to the Village of Newberry Electric Fund is made at the complete discretion of the Cooperative.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

February 24, 2007

To the Village Council Village of Newberry Luce County, Michigan

We have audited the financial statements of the Village of Newberry, Luce County, Michigan, as of and for the year ended December 31, 2006, and have issued our report thereon dated February 24, 2007. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### Compliance

As part of obtaining reasonable assurance about whether Village of Newberry's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance that are required to be reported under Government Auditing Standards.

### Internal Control over Financial Reporting

In planning and performing our audit, we considered Village of Newberry's internal control over financial reporting in order to determine our auditing procedures for the purposes of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our study and evaluation disclosed the following condition that we believe to be a material weakness for organization of the Village there is an inadequate control over cash transactions caused by an inadequate segregation of duties which is due to the limited number of office personnel employed. Such study and evaluation disclosed no conditions that we believe to be material weaknesses for which corrective action is practicable in the circumstances.

This report is intended for the information of management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH OMB CIRCULAR A-133

February 24, 2007

To the Village Council Village of Newberry Luce County, Michigan

#### Compliance

We have audited the compliance of Village of Newberry, Luce County, Michigan, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2006. Village of Newberry's major federal programs are identified in the schedule of expenditures of federal awards. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Village of Newberry's management. Our responsibility is to express an opinion on Village of Newberry's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we pian and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Village of Newberry's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Village of Newberry's compliance with those requirements.

In our opinion. Village of Newberry complies, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2006.

#### Internal Control Over Compliance

The management of Village of Newberry is responsible for establishing and maintaining effective control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Village of Newberry's internal control over compliance with requirements that could have a direct and material effection a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

To the Village Council Village of Newberry Luce County, Michigan

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be a material weakness. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that non-compliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information of management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

## AUDIT COMMUNICATION AND REPORT OF COMMENTS AND RECOMMENDATIONS

February 24, 2007

To the Village Council Village of Newberry Luce County, Michigan

We have audited the financial statements of the Village of Newberry for the year ended December 31, 2006. As required by auditing standards generally accepted in the United States, the independent auditor is required to make several communications to the governing body having oversight responsibility for the audit. The purpose of this communication is to provide you with additional information regarding the scope and results of our audit that may assist you with your oversight responsibilities of the financial reporting process for which management is responsible.

### <u>AUDITOR'S RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED</u> STATES

We conducted our audit of the financial statements of the Village of Newberry in accordance with auditing standards generally accepted in the United States. The following paragraph explains our responsibilities under those standards.

Management has the responsibility for adopting sound accounting policies, for maintaining an adequate and effective system of accounts, for the safeguarding of assets, and for devising an internal control structure that will, among other things, help assure the proper recording of transactions. The transactions that should be reflected in the accounts and in the financial statements are matters within the direct knowledge and control of management. Our knowledge of such transactions is limited to that acquired through our audit. Accordingly, the fairness of representations made through the financial statements is an implicit and integral part of management's accounts and records. However, our responsibility for the financial statements is confined to the expression of an opinion on them. The financial statements remain the responsibility of management.

The concept of materiality is inherent in the work of an independent auditor. An auditor places greater emphasis on those items that have, on a relative basis, more importance to the financial statements and greater possibilities of material error than those items of lesser importance or those in which the possibility of material error is remote.

For this purpose, materiality has been defined as "the magnitude of an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or misstatement."

An independent auditor's objective in an audit is to obtain sufficient competent evidential matter to provide a reasonable basis for forming an opinion on the financial statements. In doing so, the auditor must work within economic limits; the opinion, to be economically useful, must be formed within a reasonable length of time and at reasonable cost. That is why an auditor's work is based on selected tests rather than an attempt to verify all transactions. Since evidence is examined on a test basis only, an audit provides only reasonable assurance, rather than absolute assurance, that financial statements are free of material misstatement. Thus, there is a risk that audited financial statements may contain undiscovered material errors or fraud. The existence of that risk is implicit in the phrase in the audit report, "in our opinion."

To the Village Council Village of Newberry Luce County, Michigan

In the audit process, we gain an understanding of the internal control structure of an entity for the purpose of assisting in determining the nature, timing, and extent of audit testing. Our understanding is obtained by inquiry of management, testing transactions, and observation and review of documents and records. The amount of work done is not sufficient to provide a basis for an opinion on the adequacy of the internal control structure.

### SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are described in Note 1 to the financial statements.

#### OTHER COMMUNICATIONS

Auditing standards call for us to inform you of other significant issues such as, but not limited to, 1) Accounting estimates that are particularly sensitive because of their significance to the financial statements or because of the possibility that future events affecting them may differ markedly from management's current judgments; 2) Significant audit adjustments that may not have been detected except through the auditing procedures we performed; 3) Disagreements with management regarding the scope of the audit or application of accounting principles; 4) Consultation with other accountants; 5) Major issues discussed with management prior to retention; and 6) Difficulties encountered in performing the audit.

We have no significant issues, regarding these matters, to report to you at this time. Audit adjustments were minimal, and are available to review.

### COMMENTS AND RECOMMENDATION REGARDING INTERNAL CONTROLS/ COMPLIANCE/ EFFICIENCY

Our procedures disclosed the following conditions that we would like to bring to your attention:

#### **SEGREGATION OF DUTIES**

A separation of duties between persons who authorize transactions and persons who have control over the related assets does not always exist.

The least desirable accounting system is one in which an employee is responsible for executing the transaction and then recording the transaction from its origin to its ultimate posting in the General Ledger. This increases the likelihood that intentional or unintentional errors will go undetected. In most cases, adequate segregation of duties substantially increases control over errors without duplication of effort.

We understand that due to the size of needed staff, a proper segregation of duties may be impractical and the "cost to benefit" relationship may not justify the addition of accounting staff to accomplish the desired segregation.

These conditions were considered in determining the nature, timing and extent of the audit tests to be applied in our audit of the Village's financial statements and this communication of these matters does not affect our report on the Village's financial statements, dated December 31, 2006.

### **SUMMARY**

We welcome any questions you may have regarding the foregoing comments and we would be happy to discuss any of these or other questions that you might have at your convenience.

Sincerely,

Campbell, Kusterer & Co., P.C. CAMPBELL, KUSTERER & CO., P.C. Certified Public Accountants
